

FleetLink Logistics Network

Operating Review – Q2 2025

FleetLink operates a digital freight and last-mile logistics marketplace connecting shippers with a distributed network of carriers. Revenue is primarily transaction-based with additional fees for SaaS tools provided to larger accounts.

Headline Metrics (Q2 2025)

Metric	Q2 2025
Recognized Revenue	9.3M
Gross Margin	54%
Total Headcount	204

Volume & Network Metrics

Metric	Q2 2025	Q1 2025

Active Shippers	3,460	3,310
Active Carriers	7,900	7,550
On-time Delivery Rate	96.1%	95.4%

Commentary

Transaction-driven Recognized Revenue reached 9.3M in Q2 2025, supported by a 9% increase in completed shipments. Gross Margin expanded to 54% as FleetLink optimized pricing and reduced promotional incentives. Headcount growth to 204 employees was primarily in product and engineering, with commercial hiring paused for the quarter.

Unit Economics & Other Financials – Q2 2025

Metric	Value
Contribution Margin per Shipment	\$2.30
Average Take Rate	11.2%
Customer Support Tickets per 1,000 Shipments	14.3
Marketing Spend as % of Revenue	16%
