Commentary

Recognized revenue in Q2 2025 was \$8.4M, up 6% quarter-over-quarter and 32% year-over-year. End-of-period ARR reached \$34.2M. Gross margin improved to 78% as NovaCloud optimized its cloud infrastructure. Total Headcount ended the quarter at 142.

Go-to-Market & Pipeline Overview

Go-to-Market Update

NovaCloud continues to follow a land-and-expand motion. Management is selectively pursuing larger enterprise customers while maintaining focus on mid-market accounts.

Stage	Opportunities	Total Pipeline	Weighted
Qualified	36	\$9.8M	\$4.2M
Proposal / Negotiation	18	\$7.1M	\$3.6M
Verbal Commit	6	\$2.9M	\$2.0M

Key Risks

- Dependence on a limited number of large customers for a meaningful portion of ARR
- Competition from larger observability vendors moving down-market
- Execution risk associated with larger enterprise deals
